

# Radhika Dutt

## UI UX Designer

### Background & Profile

With masters in Behavioural Science, I design digital products and craft user experiences.

I graduated from Miranda House, Delhi University with a major in computer science. It gives me an extra edge in understanding the development aspect of design.

I am also pursuing PhD in Psychology from Christ University to go deep into the subject to merge psychology concepts into designs.

### Notable Skills

Behavioural models  
Quantitative research  
Data analysis SPSS  
Gamification frameworks  
User research  
Rapid prototyping  
Visual design  
Remote consulting  
Marketing & design collaterals

### Career Objectives

Exposure to different work environments, such as corporates, freelance, high-speed agile startup culture inspires me to do challenging work within strict timelines. I am always open to collaboration and explore a role that avails my visual design expertise, UX research methodologies, remote work consultation work, and creative and leadership skills.
